If you are an example of improvement then I'll stick with the 10-4
good buddy's any day. You spend a suspicious amount of time being
negatively focused on one sector of a hobby. The truth is that in
reality you wish you could be an accepted member of that same sector.
You are a reject of life and lash out at those who you would like to
emulate. Enjoy what littler life you have,but for the most part you
are wasting it.

since Lenny Bruce died, Hoffman said, "Really? He was my god." The
combination of satirical irreverence and sense of justice that Bruce and
Hoffman shared was the real spirit behind the Yippies--a term I coined to
describe a phenomenon that already existed: an organic coalition of stoned
hippies and political activists who engaged in such actions as throwing

money on the floor of the New York Stock Exchange, then explaining to reporters the meaning of that symbolism. Folksinger Phil Ochs summed it up: "A demonstration should turn you on, not turn you off." "When I told Abbie Hoffman that he was the first one who made me laugh since Lenny Bruce died, Hoffman said, "Really? He was my god." The combination of satirical irreverence and sense of justice that Bruce and Hoffman shared was the real spirit behind the Yippies--a term I coined to describe a phenomenon that already existed: an organic coalition of stoned hippies and political activists who engaged in such actions as throwing money on the floor of the New York Stock Exchange, then explaining to reporters the meaning of that symbolism. Folksinger Phil Ochs summed it up: "A demonstration should turn you on, not turn you off." So when journalists link the Yippies with misleading bedfellows, at best it's careless shorthand; at worst it's deliberate demonization. Osama bin Laden wanted an aircraft to crash into the Pentagon. Abbie Hoffman merely wanted to levitate it." -- Paul Krassner, http://tinyurl.com/ehu3v

That was an easy way to win an argument. Easiest if you didn't bother
posting it.

This is the standard CB audio clipping with insuffiecient post
filtering. Overhyped specifications to sell to unknowing CBers.

There is really insufficient filtering after the audio clipper. A far
better splatter filter is needed. The problem is it would send to cost
higher and force the use of precision resistors and caps.

Overall, in my opinion, it is junk. Besides this probably will
introduce more bleed over to adjacent channels than would an over
modualted case would.

just my thoughts

Hail Eris!
Demon Prince of Absurdity

"And no, I did not have sex with my son. But if I did I certainly wouldn't tell you. Something so beautiful and precious should be kept private." -- Kathy L. Mosesian, or possibly not really her, confesses she may be a liar and committer of incest with her own son, in MID: <cfcd3f4660694e3afeaadaa2723e9ab1@msgid.frell.theremailer.net>

The reporter asked Colin Powell (or George Bush), "What proof do you have that Iraq has weapons of mass destruction?"
He replied, "We kept the receipts." -- Bill Hicks

"They thought I was fair game. I was an instrument of purpose to achieve their desires and not 100 percent real and ALSO that they had me by the short curlies because I thought that the world revolved around them and therefore I think that I am fair game and rightly so. If they want to play dirty, I get to too. It's not a one-way street. I will use the physcial strength that I have over them, my superior 5'7-3/4" height advantage, the boxing moves I paid to learn, the suprise of pussyfooting up to them with their back to me in a public place 18 1/2 years after the fact and thus not only do will they not know that I am but a pica's distance away from them, but that I even exist on earth." -- Chris Tsao is secretly John Wentzky's psychic twin. MID: <1161246083.152300.195760@m73g2000cwd.googlegroups.com>

Looney Maroon nominee for August 2006 Johnny D Wentzky foamed:
"You never asked someone who goes into areas of the internet that are only for adults who has an underage id somehow or another if they are a cop posing as an underage person online?
I guess lots of people just don't watch dateline or read stories much. Why don;t you go to pervertedjustice,com and see what they do. They are awash in their self-proclaimed glory after they lied to membners of the public.
They are awash in their self-proclaimed glory after they posed as an underage person and agreed to do all sorts of sex acts wioth adult males, and they are adults posing as teenager themselves. They make themsleves into liars by falsely impersonating underage persons and by not fuilfilling the words they tell the victims online in their chats. Why don't you read it where they tell these victims of their deceit about how they have been with grown men and such? Why don't you read it where they say, "That would be cool." after someone makes an advance towards an adult who is posing as a teenager? And, where they agree to meet the person, etc.
Lost control, didn't you?
Is that why you feel as if you need to lie so much now? I see where lots of these false impersonation games are not sticking. They feel as if they can lie and then order the victims to get counseling in the gayblade, governmental, pro-choice tax leech counseling centers. They

are doing nothing more than usury and fraud in many cases." -- Wentzky almost comes out of the closet as a pedo/ephebophile in MID: <H%%Eg.28916$Uq1.22411@bignews6.bellsouth.net>

"When I told Abbie Hoffman that he was the first one who made me laugh since Lenny Bruce died, Hoffman said, "Really? He was my god." The combination of satirical irreverence and sense of justice that Bruce and Hoffman shared was the real spirit behind the Yippies--a term I coined to describe a phenomenon that already existed: an organic coalition of stoned hippies and political activists who engaged in such actions as throwing money on the floor of the New York Stock Exchange, then explaining to reporters the meaning of that symbolism. Folksinger Phil Ochs summed it up: "A demonstration should turn you on, not turn you off." So when journalists link the Yippies with misleading bedfellows, at best it's careless shorthand; at worst it's deliberate demonization. Osama bin Laden wanted an aircraft to crash into the Pentagon. "Immorality: The morality of those who are having a better time." -- H. L. Mencken

"Consider that language a moment. 'Purposefully and materially supported hostilities against the United States' is in the eye of the beholder, and this administration has proven itself to be astonishingly impatient with criticism of any kind. The broad powers given to Bush by this legislation allow him to capture, indefinitely detain, and refuse a hearing to any American citizen who speaks out against Iraq or any other part of the so-called 'War on Terror.'

"If you write a letter to the editor attacking Bush, you could be deemed as purposefully and materially supporting hostilities against the United States. If you organize or join a public demonstration against Iraq, or against the administration, the same designation could befall you. One dark-comedy aspect of the legislation is that senators or House members who publicly disagree with Bush, criticize him, or organize investigations into his dealings could be placed under the same designation. In effect, Congress just gave Bush the power to lock them up." -- William Rivers Pitt

"It has become clear in recent months that a critical mass of the American people have seen through the lies of the Bush administration; with the president's polls at an historic low, growing resistance to the war Iraq, and the Democrats likely to take back the Congress in mid-term elections, the Bush administration is on the ropes. And so it is particularly worrying that President Bush has seen fit, at this juncture to, in effect, declare himself dictator." -- Frank Morales

This type of device has been around for a long time maybe early 80s.
Some call it a speech processor some call it a splash box.

There are a good many who will be surprised by this
seasons NY Knicks. I think larry made a mistake and
how many would be surprised if the Knicks make the
playoffs and go to the second round?

Hello TE:

Yeah I bought one of them a few years back. It did offer some gain and punch in SSB and AM, but was most noticeable in SSB.

With other commercial speech processors available off E-Bay, you can experiment around and compare.

I used to use a Diwa RF-440 Speech Processor, on a Motorola System 500 Mobile Radio with really good results. But had to modify the 440 to supply the dc voltage to run the mic pre amp.

I also played around with a Cobra 148 GTL and a a few of the different speech processors. What I found was the speech processor really did help the unprocessed speech signal. But the gain of the processor had to be turned down.

I had one radio with a outside antenna listening to the radio with a speech processor transmitting into a dummy load. This way I could compare the unprocessed to processed speech audio, in skip conditions allowing me see what settings had a good punch. This also lets you know how the thing will sound.

Its all a lot of fun to experiment around.

He's too white, and way too old. Under 18 is too young, of course (gay sex
with teens is illegal, even in Canada, but straight sex is fine (as young
as 14), as long as there's no power imbalance involved...Hypocrisy? Nah.
Why would you think that?). At any rate, some non-white twink is more my
speed.

If you don't spend money on you hair and get great cuts and color, don't talk to me. If you are heavy, don't talk to me. 3303. Bad Hams !

And to think they had to pass a code test to do this"

Hollingsworth told David O. Castle, WA9KJI, of Evansville, Indiana, October 11 that the WTB referral was the result of "longstanding complaints against the operation of your station" involving interference on HF and 2 meters. In another case, Hollingsworth wrote William F. Crowell, W6WBJ (ex-N6AYJ), of Diamond Springs, California, that his license renewal application has been designated for hearing after a review of "numerous complaints filed against the operation of your station" alleging deliberate interference.

Hearings are held in Washington, DC, before an administrative law judge, and the applicants will have the burden of proof in showing they're still qualified to be Amateur Radio licensees. Over the past several years, the FCC has asked both licensees to respond to allegations of deliberate interference on the amateur bands.

> interference on the amateur bands.

I don't wish to start a long - BORING - thread about this, much as others have done - but I will add my 2 cents.

Ham exams test basically in areas of "theory", "rules and regulations" and some other issues. They do NOT test a person to see if they're whacko or capable of getting along with other people in society. There are hardly any tests which do that as an inclusive. Just because a person becomes a ham, pilot, truck driver, etc - doesn't mean he/she is altogether there and able to function within the rules of society. I don't know WHY anyone keeps harping on this "crap" of how bad some Hams are and how they got licensed. Ham radio "was" "Self Policing" at one time - but it is not so much anymore. We all hold it within ourselves to police our own actions and act on "Gentlemen's" agreements when operating. Some think of nothing but causing interference - maybe due to being shunned by society or whatever. Some think their "toys" "impress" people - trust me, they don't. Some think they have to have thousands of watts to talk across the street. Truth is, when they all fire up their furnaces, NO ONE TALKS. If you're all talking with lots of watts, WHO THE HELL is there to hear you? Your signals are being scrambled by your competitor. You don't NEED hundreds or even thousands of watts to talk. There is a lot to be said for the antenna system too AND use of the bands. I've talked the world over on 80 watts or less. It is more "satisfying" to be able to contact distant stations with as little power as

possible, WHICH by the way - is one of the FCCs rules you should know. Using the least amount of RF power necessary to conduct communications. Try it sometime, you "may" be amazed.

Just my 2 cents. Sick of the bad ham, slow code/no code arguments already. We can argue til the cows fly rockets to the moon, it won't solve a damned thing. There are more important issues to take action on.

Hail Eris! "The personal _is_ political."

TEH WAY OF THE K00K
Never learn from your mistakes.
Always practice your mistakes; you may get them right.
Always pick on those smarter and tougher than you.
Always believe that only you know the TRVTH.
Never allow logic or reason get in the way of a good k00k.
When being overwhelmed by logic and reason: k00ksuit!
If you are going to be wrong, do it at the top of your lungs.
When caught in a lie: LIE!
When in doubt: Order the Crab Won Ton
Plagiarism is your friend. Use it.
Whenever contradicted; morph, start calling people names, and make false
accusations. Include the children of your target in your allegations,
even if they don't have any.
(06-Jun-05) When nobody else will listen, post to your own fan group.
(06-Jun-05) Obviously, since you have your own fan group, this must mean
that you have fans. Post prolifically to your fan group - you wouldn't
want to disappoint them!
(10-May-2005)Everyone reads usenet. Approval here means approval
everywhere.
Post numerous blank posts, or posts containing only a message id.
Post numerous copy&paste web articles from crackerpot websites.
Never forget to call kookologists "k00ks."
If there are several, call them "sockpuppets" too
When all else fails, accuse various and sundry kookologists of e-mailing
viruses to you. This is a sure-fire method of garnering sympathy and
ensuring that the General Public will always see things your way. An
especially effective sub-strategy here is to accuse them of infecting
you with the 'Sasser' worm via e-mail.
Quote notorious scientists or writers - it makes it look as if they
approve the drivel you are writing!
(9-Jul-05) Anytime your computer is infected with a virus, bogged down
by spyware, attacked over your internet connection, or otherwise suffers
from preventable problems, government agencies are responsible and are
trying to silence you and are monitoring your computer files.

Ignore all traffic signs and feel free to trespass, you don't have to obey any rules.
Scare your enemies with lawsuits, police escorts and whines.
Always back up your empty (albeit noisy) threats with phony LARTs, false police reports, and harassing letters to the FBI and other gubbermint agencies.
Be vigilant in your redundancy. The more you repeat yourself, the more likely others will believe you!
If you can't find anyone as crazy as yourself to support you in the flamewars you start with the normal population, create sock puppets and use anonymous remailers that shamelessly hang on every word you write.
(17-Mar-05) When dealing with law enforcement, remember that it is they who have the problem, not you. Be sure to inform them of this at every available opportunity, as they will surely appreciate your constructive criticism. Be sure to make them aware that YOU KNOW YOUR RIGHTS! ("The cops like that, when people know their rights. That way they don't have to read them to you on the way to the station." - George Carlin)
The more your fake personalities adulate you, the more respect you'll get!
When confronted with a reality that you don't like: Announce loudly that you are departing, never to return as long as there's an Internet. Come back in three or four days and claim you were drunk, hacked, abducted by alience, or forged. Alternately you can just not even mention your prior departure, and if anyone asks you about it, either ignore them or respond with something along the lines of "YOUR NOT THE BOSS OF ME! *PLONK*!" People really know you mean business then.
Always remain clueproof.
(20-Mar-05) Anyone who does not believe that you are the reincarnation of [$DEITY_OR_PROPHET] is obviously an infidel lacking in faith whose soul in in peril of everlasting damnation.
When responding to one line challenges, post paragraphs of rants and screed in response.
Incoherency is not a roadblock to poasting.
Neither is illiteracy.
Delusions poasted often enough become fact.
Claim you will destroy <insert newsfroup> for attacking you.
When spnaked, send cmsg for Fanboi newsfroup(s).
Find your Lame, Use your Lame, Be your Lame!
Post Edit when the TRVTH hurts.
Always sneck the offending newsfroups.
Always poast pictures of yourself so you can be admired in all your k00ky glory.
Always accuse others of the very acts you are guilty of.
Post lots of boasts about your high IQ and incredible talents.
(20-Mar-05) If you repeat a lie often enough, it becomes the truth. Anybody who fails to understand this is engaged in a deliberate campaign of misinformation and character assassination.
Always <plonk> somebody just before replying the plonkee!
The k00k considers itself the most intelligent person in any conversation, possibly on the planet. Other people are benighted and

ignorant, and have been waiting their whole lives for the k00k to rescue them from intellectual darkness.
Write a self-published book and claim it a success. Bonus points for comparing it to "Mein Kampf" and/or the Bible.
Declare yourself equal to a deity of your choice.
Claim that you've come from other planets.
Claim thousands of past lives.
Frothing complaints carry far more weight when you send them from "legal@" some domain.
Nothing strikes terror into the hearts of your detractors more than telling them that you're archiving their messages for possible use in the future.
Never forget that everyone else posting to Usenet is a paid disinformation agent looking to discredit you.
Usenet is governed by US law. If a poster in Romania killfiles you, he's obviously violating your 1st Amendment rights and can be sued.
Every news admin in the world hangs out in NANAU, and they're just dying to nuke the account of that meanyhead who just called you "fucknozzle". Drop 'em a line - that's what they're there for, after all.
AUK will be closed down. Just you wait and see.
They've nuked hundreds of accounts in the name of free speech and *yours* will be next.
The k00k will, without any trace of irony, lie, manipulate, impersonate, censor, and declare themselves powerful in ways ranging from the ability to have an account shut down to being God Herself, in order to convince people that they are not liars, manipulators, censors, or insane.
Abuse women while telling how many hundreds you've loved. Nevermind that you're one ugly motherfucker and that there were 30,000 femininas that thought you were a scumbag with bad teeth.
Remember that your ko0ky klaims are 'facts', and that 'facts' do not require proof.
Do not neglect to poast your responses to forums that the originator doesn't read. This will make the people in that forum very impressed with how you tear him to shreds without him being able to respond. They like it even better if you are off-topic for that forum.
Keep in mind that lack of evidence supporting your konspiracy theory actually _is_ evidence, of how effective the konspiracy is in hiding.
(06-Oct-05) When spanked, always retreat to the safety of the Ad Hominem.
(04-Aug-2005) When spanked mercilessly for days on end, proving with each poast just what an illiterate and ignorant fool you are, ALWAYS claim ownership of [person(s),froup(s)]. This works on so many levels. It inspires dread in your opponents that they will no longer be able to poast in their home froup and that they will eventually have to pay rent, to name just two.
Any problems with your poasts are the fault of the konspirators, who are trying to stop you from preventing the extinction of humanity.
Konspiracies that are able to subvert whole governments are always unable to silence konspiracy ko0ks.
The entire United States government is willing to spend millions of

dollars for the sole purpose of harassing you.
Hollywood is making movies based on your personal life.
Do not consult psychiatrists or other mental health professionals. They are part of the konspiracy, and will sedate you and lock you away and keep you drugged if you tell them the truth.
Numerology and Astrology are respectable sciences and are useful for proving your case.
Everyone is Tim Hill, or David Green, or...
There is a fine line between trolling and kookery. Find that line and cross it repeatedly. When you are killfiled and/or LARTed for net.abuse as a result, claim victory. If you lose multiple accounts, this merely proves that you are indeed a world-class troll, with a black-belt in manipulation.
If you respond to every post someone else makes, they're obsessed. If they respond to less than 1% of your posts, they're even more obsessed.
Publishing people's real names, addresses, and phone numbers when there's no other way for you to come out of a flamewar with any dignity is cool, and proves that you are a master of secret internet information stores, and absolutely not to be fucked with.
Everyone is out to get you. You can put a stop to this by telling everyone that they're out to get you at every available opportunity.
You are the only sane one.
Those that give you a hard time about morally bankrupt things you yourself admit to are just persecutioners of the new inquisition.
Yelling in all caps and cursing at your detractors is debate. Your detractors laughing at you with sarcastic remarks is obvious anger and jealousy.
If doing something results in the loss of your account, legal hassles, or blunt trauma injury, do it again. It always works better the second time.
Asterisks, lots and lots of Asterisks.
Poking holes in kookscreed is stalking, and is a felony.
K00ks LOVE to "connect the dots". They are, of course, dots that only the k00k can see.
"They laughed at Einstein, too!"

We can't let those lids have access to our bands by making licensing easier. I don't want to turn on my homebrew rig and hear 11 meters on 20 meters.

We need to keep the CW requirement to keep some of the lids out.

Tnx, 73, Good luck in the contest.

If we eliminate the Code requirement, you'll be wishing Kenwood could come up

Considering you're being cross-posted to five different NGs at this
point, it's not a completely unfair question.

Hail Eris!
Demon Prince of Absurdity

"And no, I did not have sex with my son. But if I did I certainly wouldn't tell you. Something so beautiful and precious should be kept private." -- Kathy L. Mosesian, or possibly not really her, confesses she may be a liar and committer of incest with her own son, in MID: <cfcd3f4660694e3afeaadaa2723e9ab1@msgid.frell.theremailer.net>

The reporter asked Colin Powell (or George Bush), "What proof do you have that Iraq has weapons of mass destruction?"
He replied, "We kept the receipts." -- Bill Hicks

"They thought I was fair game. I was an instrument of purpose to achieve their desires and not 100 percent real and ALSO that they had me by the short curlies because I thought that the world revolved around them and therefore I think that I am fair game and rightly so. If they want to play dirty, I get to too. It's not a one-way street. I will use the physcial strength that I have over them, my superior 5'7-3/4" height advantage, the boxing moves I paid to learn, the suprise of pussyfooting up to them with their back to me in a public place 18 1/2 years after the fact and thus not only do will they not know that I am but a pica's distance away from them, but that I even exist on earth." -- Chris Tsao is secretly John Wentzky's psychic twin. MID: <1161246083.152300.195760@m73g2000cwd.googlegroups.com>

Looney Maroon nominee for August 2006 Johnny D Wentzky foamed:
"You never asked someone who goes into areas of the internet that are only for adults who has an underage id somehow or another if they are a cop posing as an underage person online?
I guess lots of people just don't watch dateline or read stories much. Why don;t you go to pervertedjustice,com and see what they do. They are awash in their self-proclaimed glory after they lied to membners of the public.
They are awash in their self-proclaimed glory after they posed as an underage person and agreed to do all sorts of sex acts wioth adult males, and they are adults posing as teenager themselves. They make themsleves into liars by falsely impersonating underage persons and by not fuilfilling the words they tell the victims online in their chats. Why don't you read it where they tell these victims of their deceit about how they have been with grown men and such? Why don't you read it

where they say, "That would be cool." after someone makes an advance towards an adult who is posing as a teenager? And, where they agree to meet the person, etc.
Lost control, didn't you?
Is that why you feel as if you need to lie so much now? I see where lots of these false impersonation games are not sticking. They feel as if they can lie and then order the victims to get counseling in the gayblade, governmental, pro-choice tax leech counseling centers. They are doing nothing more than usury and fraud in many cases." -- Wentzky almost comes out of the closet as a pedo/ephebophile in MID: <H%%Eg.28916$Uq1.22411@bignews6.bellsouth.net>

You listen to 11 meters all the time. You are obsessed with it.
That is why you are so focused on11 meters. There is a
requirement for membership that must be met before you
are accepted on CB, and CW isn't it. You must first learn how
to socialize with people in a acceptable manner.

Awwww, you're not that bad. Being gay is nothing to be ashamed about, unless you're a Republican who's in the closet, and regularly denouncing gays. Then it's hypocritical.

Why? You or Wabbit decided it'd be fun to x-poast this showcase of Ernie Primeau into RRAP (and then blame Mark Morgan). Why should Marcus pay you one iota of attention, now that he's adding your home group all the time?

Ha-ha, the only problem is that it has been confirmed (by Ernie himself)
that he has not touched a woman since his mother.

Only attributed to the fact, when around women he is wearing "doctor

sure you do and you make it it quite clear but in any event the guy
that desperates likes to steal my id must want to be me or be pretty
frightened of what I have to say to make roughly 20 such posts a day

APOPKA, Fla. -- Two men decided to end a long-running feud with an old fashioned shootout, according to an Associated Press report.

The men met up at in an Apopka Wal-Mart parking lot Saturday for a fight. One was grazed with a bullet, the other sprayed with Mace.

Both men told police they knew each other only from arguing for six years over the CB radio airwaves.

The men were arrested and taken to the Orange County Jail. Forty-eight year-old Frank Lukasik, of Longwood, was charged with aggravated battery after police said he shot 47-year-old Paul Goldman.

Goldman was arrested on a charge of battery causing bodily harm after authorities said he sprayed the chemical at Lukasik.

"When I told Abbie Hoffman that he was the first one who made me laugh since Lenny Bruce died, Hoffman said, "Really? He was my god." The combination of satirical irreverence and sense of justice that Bruce and Hoffman shared was the real spirit behind the Yippies--a term I coined to describe a phenomenon that already existed: an organic coalition of stoned hippies and political activists who engaged in such actions as throwing money on the floor of the New York Stock Exchange, then explaining to reporters the meaning of that symbolism. Folksinger Phil Ochs summed it up: "A demonstration should turn you on, not turn you off." So when journalists link the Yippies with misleading bedfellows, at best it's careless shorthand; at worst it's deliberate demonization. Osama bin Laden wanted an aircraft to crash into the Pentagon. Abbie Hoffman merely wanted to levitate it." -- Paul Krassner, http://tinyurl.com/ehu3v

3416. American Red Cross Tells ARRL It Wont Stop Credit Checks On Ham and CB Volunteers

From: policy-ham <hamop_62@hotmail.com>

Cross-posted to: rec.radio.amateur.policy,rec.radio.amateur.misc,rec.radio.shortwave,rec.radio.cb

NEWINGTON, CT, Nov 10, 2006 -- The American Red Cross (ARC) has attempted to clarify its policy to require background checks of its employees and volunteers, at least as far as the policy applies to possible credit checks. After the ARC announced the policy in July through regional and local chapters, Amateur Radio Emergency Service (ARES) members who support Red Cross disaster relief and recovery efforts began expressing concerns to ARRL. In some past incidents -- most notably the 2001 World Trade Center terror attacks and the 2005 Hurricane Katrina response -- ARES volunteers have had to badge in as Red Cross volunteers. In a statement to the ARRL November 9, Laura Howe, the ARC's director of response communication and marketing, stressed that, while background check applicants must give permission to conduct a credit check, the ARC has no intention of conducting them across the board.

"The Red Cross realizes some volunteers may have concerns about authorizing a credit check. Those concerns are understandable," Howe said. "But please rest assured that credit checks are only run in rare instances and are not a part of the routine minimum basic check the Red Cross performs on employees or volunteers."

Howe told the League that the 2005 hurricane season exposed her organization's weakness in the area of background checks, "as evidenced by publicized examples of fraud and waste." The "standard minimum check," she said, verifies the applicant's Social Security number and a search of the National Criminal File for the past seven years.

"While the Red Cross will never run a credit check on the vast majority of its employees and volunteers," she asserted, "it is important that this standard language is included in the consent form to protect our clients, volunteers and employees." Volunteers with questions about whether a chapter might need to delve further into an applicant's background should check with the unit administrator, she said.

The ARC has contracted with MyBackgroundCheck.com LLC (MBC) in Anderson, California, to handle the on-line background checks. Prospective volunteers visit a secure Web site, click on the ARC logo and submit name, address, Social Security number (or other acceptable government ID), telephone number, and date of birth. MBC notifies the applicant's local Red Cross chapter whether or not the individual passed the background check, but it does not share any personal data.

In a statement October 24, ARRL President Joel Harrison, W5ZN, urged ARES and other ham radio volunteers to tread cautiously and read very carefully what they are giving MBC permission to collect on behalf of the Red Cross, especially given the wide net being cast. Howe acknowledged that by signing the consent form, applicants do give MBC permission to "conduct a credit check or other investigation into an individual's background." ARES members are not obliged to submit to a background check, however; the choice to do so is a personal one.

Several ARES leaders maintain that they and their volunteers represent ARES when supporting the ARC as a served agency. "Our issue is not the background checking, but the fact ARC considers ARES members ARC volunteers," one ARRL Section Emergency Coordinator told ARRL Headquarters. An ARES District Emergency Coordinator suggested the ARC policy is too arbitrary. "The unfortunate thing is that if a member decides not to submit to this check, then that will hamper our ability to serve the Red Cross in an emergency," he said.

ARRL Field and Educational Services Manager Dave Patton, NN1N -- whose department supports and oversees the ARRL Field Organization -- believes the Red Cross stands to lose a fair number of volunteers because of the requirement -- and not necessarily just ARES volunteers. One national Red Cross official who asked not to be identified said the organization fears it's seeing "the beginning of a hemorrhage of hams" from supporting ARC operations.

The Statement of Understanding (SoU) between the ARC and the ARRL does not address the issue of background checks. It also is ambiguous on the subject of whether ARES volunteers automatically become ARC volunteers when supporting Red Cross operations and subject to a background check. The bottom line: The requirement extends to whomever the Red Cross says it does. While some Red Cross chapters will allow ARES member participation without requiring that they register as Red Cross volunteers, others will not. One West Coast Red Cross chapter official said the ARC considers ARES members as "non-registered volunteers" and, as such, they were not required to submit to background checks. In other locales, the same volunteers staff ARES and Red Cross organizations. The ARRL-ARC SoU is up for review in 2007.

The ARC's new policy "is a positive action," Howe told ARRL, and aimed at raising public confidence and trust in the organization's volunteers and workers. "The Red Cross certainly values its employees and volunteers, and our background check process is not intended to be a burden to those who play a vital role in our relief efforts," she said. "We believe that in order to maintain the trust of the American people and provide them with the best quality service, all Red Cross employees and volunteers must undergo background checks according to standards being implemented across the entire organization."

How is it, you don't....

Barebacking-Unprotected Anal Sex-Unprotected Anal Intercourse

Men

HIV Transmission

Aids HIV Transmit

Sexual Medicine

Barebacking is the term used to describe gay men who have unprotected anal intercourse. It is a
practice that is on the increase. There are dangers, especially if you get involved in casual
sex with someone you do not know.

HIV/AIDS has had a profound effect on attitudes and sexual behaviors within the gay community.
Safe sex practices, especially within the gay community, were taken very seriously. Condom sales increased, STD's (sexually transmitted diseases) decreased. People understood the seriousness of the message. So why are more gay men reversing the trend and taking the risk of
having unprotected anal intercourse?

Why Risk It?

There are a number of possible reasons. Since the early days of HIV/AIDS a new generation of
gay men have grown up with an acceptance of the hazards of unprotected sex. The potency of the
safe sex message has perhaps diminished over time and this has been helped by advances in AIDS
treatments.

Another common issue is the condom. Condoms are generally viewed by men as less satisfactory

and less pleasurable. There is a perceived lack of spontaneity involved and it can be expensive
if you on a limited income.

There is, of course, no risk involved in barebacking if both men know that they are not infected with HIV. It can provide an incentive to remain monogamous when you are both committed
to the relationship.

If you bareback with someone who is infected with HIV, some other STD, or hepatitis B and hepatitis C, you are risking your health and ultimately your life. Remember, infected people
may appear symptom free so even if your sexual partner looks fit and healthy it can actually
mean very little.

Many gay men involved in health-care believe that there are an increasing number of gay's who
believe the treatments now available are so effective that HIV and AIDS no longer pose such a
risk. The belief that even if you get AIDS it will be not really be that much of a problem to
live with is simply not the case. It is true that treatments have improved a lot, but HIV claims the lives of many gay men each year.

People infected with HIV and AIDS are living longer if they have the right drugs and supportive
treatments, but there is still no cure. HIV is not one disease. There are a number of different
types, more than 10 subtypes in fact, which result in countless strains. If, for example, you
catch a second or third strain, it causes what researchers are calling a "super infection". It
dispels the myth that HIV positive partners can have unsafe sex without re-infecting each other.

Is it worth taking a chance with barebacking?

When you're having fun, drinking or clubbing, the reality of AIDS and the safe sex messages can
seem a long way off. You can continue to ignore or dismiss advice and live for today. Maybe you
have not had the experience of losing someone close to you, watching their suffering or their
death from AIDS, a related disease or liver failure?

Unprotected sex is a form of gambling more akin to Russian roulette. There is really no measure
of probability you can apply. You may get away it, but you may not and the price you pay is a
very high one.

In the case of Gays, the disease of AIDS was unknown, and as it is a disease that takes along time to show itself, so a large number of Gay people were infected before anyone knew what AIDS was, this has given the disease a bigger base of people in the Gay community to work from, more so than in the heterosexual community.

This and it seems that anal sex is an easier way to catch the disease than say oral or other sex, although it seems to be readily transmitted in Africa by heterosexual sex.

The bigger base of infected people in the Gay community of course shows up in the current numbers of Gay people infected.

However it does not make heterosexual people immune to the disease, and the above post from Death should also be taken as a warning to all people, no matter what their sexual preference is.

IE anyone who indulges in casual sex should wear condoms.

TEH WAY OF THE K00K
Never learn from your mistakes.
Always practice your mistakes; you may get them right.
Always pick on those smarter and tougher than you.
```

Always believe that only you know the TRVTH.
Never allow logic or reason get in the way of a good k00k.
When being overwhelmed by logic and reason: k00ksuit!
If you are going to be wrong, do it at the top of your lungs.
When caught in a lie: LIE!
When in doubt: Order the Crab Won Ton
Plagiarism is your friend. Use it.
Whenever contradicted; morph, start calling people names, and make false accusations. Include the children of your target in your allegations, even if they don't have any.
(06-Jun-05) When nobody else will listen, post to your own fan group.
(06-Jun-05) Obviously, since you have your own fan group, this must mean that you have fans. Post prolifically to your fan group - you wouldn't want to disappoint them!
(10-May-2005)Everyone reads usenet. Approval here means approval everywhere.
Post numerous blank posts, or posts containing only a message id.
Post numerous copy&paste web articles from crackerpot websites.
Never forget to call kookologists "k00ks."
If there are several, call them "sockpuppets" too
When all else fails, accuse various and sundry kookologists of e-mailing viruses to you. This is a sure-fire method of garnering sympathy and ensuring that the General Public will always see things your way. An especially effective sub-strategy here is to accuse them of infecting you with the 'Sasser' worm via e-mail.
Quote notorious scientists or writers - it makes it look as if they approve the drivel you are writing!
(9-Jul-05) Anytime your computer is infected with a virus, bogged down by spyware, attacked over your internet connection, or otherwise suffers from preventable problems, government agencies are responsible and are trying to silence you and are monitoring your computer files.
Ignore all traffic signs and feel free to trespass, you don't have to obey any rules.
Scare your enemies with lawsuits, police escorts and whines.
Always back up your empty (albeit noisy) threats with phony LARTs, false police reports, and harassing letters to the FBI and other gubbermint agencies.
Be vigilant in your redundancy. The more you repeat yourself, the more likely others will believe you!
If you can't find anyone as crazy as yourself to support you in the flamewars you start with the normal population, create sock puppets and use anonymous remailers that shamelessly hang on every word you write.
(17-Mar-05) When dealing with law enforcement, remember that it is they who have the problem, not you. Be sure to inform them of this at every available opportunity, as they will surely appreciate your constructive criticism. Be sure to make them aware that YOU KNOW YOUR RIGHTS! ("The cops like that, when people know their rights. That way they don't have to read them to you on the way to the station." - George Carlin)
The more your fake personalities adulate you, the more respect you'll get!

When confronted with a reality that you don't like: Announce loudly
that you are departing, never to return as long as there's an Internet.
Come back in three or four days and claim you were drunk, hacked,
abducted by alience, or forged. Alternately you can just not even
mention your prior departure, and if anyone asks you about it, either
ignore them or respond with something along the lines of "YOUR NOT THE
BOSS OF ME! *PLONK*!" People really know you mean business then.
Always remain clueproof.
(20-Mar-05) Anyone who does not believe that you are the reincarnation
of [$DEITY_OR_PROPHET] is obviously an infidel lacking in faith whose
soul in in peril of everlasting damnation.
When responding to one line challenges, post paragraphs of rants and
screed in response.
Incoherency is not a roadblock to poasting.
Neither is illiteracy.
Delusions poasted often enough become fact.
Claim you will destroy <insert newsfroup> for attacking you.
When spnaked, send cmsg for Fanboi newsfroup(s).
Find your Lame, Use your Lame, Be your Lame!
Post Edit when the TRVTH hurts.
Always sneck the offending newsfroups.
Always poast pictures of yourself so you can be admired in all your k00ky
glory.
Always accuse others of the very acts you are guilty of.
Post lots of boasts about your high IQ and incredible talents.
(20-Mar-05) If you repeat a lie often enough, it becomes the truth.
Anybody who fails to understand this is engaged in a deliberate campaign
of misinformation and character assassination.
Always <plonk> somebody just before replying the plonkee!
The k00k considers itself the most intelligent person in any
conversation, possibly on the planet. Other people are benighted and
ignorant, and have been waiting their whole lives for the k00k to rescue
them from intellectual darkness.
Write a self-published book and claim it a success. Bonus points for
comparing it to "Mein Kampf" and/or the Bible.
Declare yourself equal to a deity of your choice.
Claim that you've come from other planets.
Claim thousands of past lives.
Frothing complaints carry far more weight when you send them from
"legal@" some domain.
Nothing strikes terror into the hearts of your detractors more than
telling them that you're archiving their messages for possible use in
the future.
Never forget that everyone else posting to Usenet is a paid
disinformation agent looking to discredit you.
Usenet is governed by US law. If a poster in Romania killfiles you, he's
obviously violating your 1st Amendment rights and can be sued.
Every news admin in the world hangs out in NANAU, and they're just dying
to nuke the account of that meanyhead who just called you "fucknozzle".
Drop 'em a line - that's what they're there for, after all.

AUK will be closed down. Just you wait and see.
They've nuked hundreds of accounts in the name of free speech and *yours* will be next.
The k00k will, without any trace of irony, lie, manipulate, impersonate, censor, and declare themselves powerful in ways ranging from the ability to have an account shut down to being God Herself, in order to convince people that they are not liars, manipulators, censors, or insane.
Abuse women while telling how many hundreds you've loved. Nevermind that you're one ugly motherfucker and that there were 30,000 femininas that thought you were a scumbag with bad teeth.
Remember that your ko0ky klaims are 'facts', and that 'facts' do not require proof.
Do not neglect to poast your responses to forums that the originator doesn't read. This will make the people in that forum very impressed with how you tear him to shreds without him being able to respond. They like it even better if you are off-topic for that forum.
Keep in mind that lack of evidence supporting your konspiracy theory actually _is_ evidence, of how effective the konspiracy is in hiding.
(06-Oct-05) When spanked, always retreat to the safety of the Ad Hominem.
(04-Aug-2005) When spanked mercilessly for days on end, proving with each poast just what an illiterate and ignorant fool you are, ALWAYS claim ownership of [person(s),froup(s)]. This works on so many levels. It inspires dread in your opponents that they will no longer be able to poast in their home froup and that they will eventually have to pay rent, to name just two.
Any problems with your poasts are the fault of the konspirators, who are trying to stop you from preventing the extinction of humanity.
Konspiracies that are able to subvert whole governments are always unable to silence konspiracy ko0ks.
The entire United States government is willing to spend millions of dollars for the sole purpose of harassing you.
Hollywood is making movies based on your personal life.
Do not consult psychiatrists or other mental health professionals. They are part of the konspiracy, and will sedate you and lock you away and keep you drugged if you tell them the truth.
Numerology and Astrology are respectable sciences and are useful for proving your case.
Everyone is Tim Hill, or David Green, or...
There is a fine line between trolling and kookery. Find that line and cross it repeatedly. When you are killfiled and/or LARTed for net.abuse as a result, claim victory. If you lose multiple accounts, this merely proves that you are indeed a world-class troll, with a black-belt in manipulation.
If you respond to every post someone else makes, they're obsessed. If they respond to less than 1% of your posts, they're even more obsessed.
Publishing people's real names, addresses, and phone numbers when there's no other way for you to come out of a flamewar with any dignity is cool, and proves that you are a master of secret internet information stores, and absolutely not to be fucked with.

Everyone is out to get you. You can put a stop to this by telling everyone that they're out to get you at every available opportunity.
You are the only sane one.
Those that give you a hard time about morally bankrupt things you yourself admit to are just persecutioners of the new inquisition.
Yelling in all caps and cursing at your detractors is debate. Your detractors laughing at you with sarcastic remarks is obvious anger and jealousy.
If doing something results in the loss of your account, legal hassles, or blunt trauma injury, do it again. It always works better the second time.
Asterisks, lots and lots of Asterisks.
Poking holes in kookscreed is stalking, and is a felony.
K00ks LOVE to "connect the dots". They are, of course, dots that only the k00k can see.
"They laughed at Einstein, too!"

Stanley, you don't know anything about it, you can't even find the
correct ARES website for Marshall County, WV. You are a know-nothing
fucktard, as always.

P.S., asshole, what's the make and color of Roger's car since you say
there is a webcam pointed at his garage. BWHAHAHAHAHAHA!

--
Saggytits Lee (Stagger Lee@houston-hunks.com) fails to back up his
"webcam story" when he changes the subject with lame excuses when asked
what type of car Roger drives and it's color in
<night.vision.woger@houston-hunks.com>:
"Those newer webcams include automatic switchover to night vision mode
when it gets dark, but the pictures are in that typical blue-green
monochrome mode, and it's tough to make out fine details."

Saggytits Lee steps on his own tiny dick when he tried to correct
somebody else's English use first by saying one "operates" a dictionary

instead of reading it, then uses "things" instead of "thinks" in
<jewish.reggae.roger@houston-hunks.com>:
"Translation: Woger can't figure out how to operate a dictionary, let
alone correct someone else's language.But that's not surprising from
someone
who things that..."

Saggytits Lee manages to fumble again when he tried to backpedal on his

improper use of words by once again mangling the sentence in reply

"The word "operate" can be a synonym "use" in certain contexts"

Saggytits Lee (SLee@houston-hunks.com) talks out of his fat ignorant

I'm going to tell you about my father (I used to call him "Dad" when we

Daddy was a basketball star at Notre Dame University in South Bend,
Indiana. He lettered during all of his seven years as an undergraduate,

but then lost his eligibility when he took time out to write a thesis
on the quantum electrodynamics of degenerate stellar atmospheres.

Unfortunately, the use of the word "degenerate" in his thesis nearly
got him kicked out of Notre Dame. He straightened the situation out,
and
managed to graduate "semper ubi sub ubi" with the class of 1940, and
immediately left for his favorite Chicago suburb -- Calumet City -- to
start his life as a brand-new astrophysicist.

It was then that he got drafted into the army, so he put his ambitions aside and served his country as one of the most accomplished martial artists of the WWII era.

He had learned martial arts as a boy member of the Mafia in Chicago, and he single-handedly invaded several Japanese islands during WWII. Mayor
Daily awarded him with the keys to the brothels of Chicago when he returned from the Pacific theatre, and that's how he met my mother.

Oh my. I may have given too much away: By now, you probably know precisely who I am."

So Scott wont be doin' it TO the kids!

Sat Sept 30, 2006 the STUPID RETARDED FAT PEDO PIG SAYS:

It was consensual. If you read the posts you'd see those kids were
coming on to ME. The camp had an open door policy and I wasn't about

to discourage them. You won't find a judge in the country who wouldn't toss that case out on its own merits! It's really not surprising because I am AWL that matters!

I didn't invite them into the shower but once there, they got naturally curious. Kids like to explore. One of the reasons kids go to camp is sex ed. But make no mistake, it was NOT kiddie korn!

Reply from LemonPUSSY:
Scott, no such thing as consensual when it involves children!!! The statement you just made is disturbing.

The questions remains the same:

Why did you walk naked in front of children and sell drugs to them?
Why don't you have a job?
Why are you on welfare?
Why do you live in poverty?
Why are you so fat?
Why are you not locked up in a mental ward?
Why do you have black rotting teeth?
Why are you such a failure and a total loser?
Why are you such a big bullshitter?
Why do you still hold on to a stupid recording from 1974?
Why don't you end it all and do society a big favor?
Why are you so useless?

The slob of blob. The flop & the failure. The unemployed-mental case with the pathetic recording from 1974. That is the only thing he holds on. Other than large amounts of food. He still continues to write the same old song & tired dance. Month after month. Year after year. He always says this will happen and that will happen. He is working on movies. TV series-radio broadcasts-book deals-live shows and appearances. Plus other made up stupidity. How can he fly anywhere? He has to buy two seats just for him to squeeze into. The airline will not

let him on board to due to the horrible stench coming from him. The crew would and the passengers would be gagging and grasping for air. He can't even afford an airline ticket. So that would never happen. He still thinks Jerry-Boy was a real person to this day. The only things that happen to him are on the top 15 list...

1-He gets fatter and wider.
2-He gets more warts on his body and tries to pull them off.
3-He gets older & more bizarre
4-He gets uglier (Man- is he ugly!!)
5- He gets bigger baloney-tits than the year before.
6-He never leaves that hellhole apartment and he is on that old broken down computer almost day and night. Which, most likely is still is ran by Windows 95 and dial up.
7-He can't walk down one flight of stairs without holding his chest and huffing and puffing.
8-He can't understand why he is 50 years old and a total failure and a complete flop.
9-He can't understand why he can't get anymore welfare checks from the government
10-He calls people and they slam the phone on him.
11-He can't understand why he can't a woman. Because he is a fat perverted GAY-400 pound 1/2 man with only 9.5 toes and warts covering his fat body. That is why.
12-He can't understand why he can't even rent a friend. No one wants to be near him. Not even- rent a friend!!!
13-He can't understand why people slam doors in his face or quickly run away from him and scream "GET AWAY FROM ME-YOU SICK SMELLY BASTARD!!!"
14-He can't understand why people gag and throw up while they are standing near him. Here is a hint for you-Tubby. Water and soap more than once a month.
15-He can't understand why people goof on him and point their fingers at him and laugh as he waddles on by.
Let's take a look at why know one would hire him for any kind of work. He did have a cab driving job once. But, because of his weight the taxi company had to replace the shocks every month. So, they fired him.

Would you hire a 400 pound-wart infested-walking heart attack waiting to happen? With black rotting teeth and no skills other than shoveling large quantities of food into his fat mouth. Let's not forget his mental issue. He makes up things like sending Barney Miiler & Inspector Clouseaus & Kojak & Nash Bridges & Walker Texas Ranger and other made up cops to people's homes all over the country. Don't forget about all the money he said he has. Which equals a total net worth of about $30.00. Who would hire him? He said he could be a actor. He could not get a part in his own hair. Don't forget the many storefronts he claimed he owns in Manhattan.

We all know know he puts on a dress -made out of a tent. With fish-net stockings and high heels. Then, he dances around his apartment singing to Sister Sledge - "We are family."

I know, I know the LVMPD & The FBI & The CIA & The USPS & E-Bay... They are all coming to get me and were commanded by you to do so. I will have the coffee ready for them.

But what can you expect from someone that lives in a filthy hovel?

He still has trouble making his rent. The idiot is in a rent controlled dump. Which means his rent is somewhere between $200.00 and $400.00 a month. He has lived in that rat and roach infested hellhole for well over 40 plus years. That is pathetic. He still has to struggle every month to make his rent. 50 years old without a pot to piss in and a window to throw it out of. That is sad.

I am still laughing and we can all thank the fat-gay man from 1810 Bruckner Blvd for that.

"Turn up the voltage 30% on the fat-guy until he shuts up"

Ah, no, you're failing to recognise that some homo/biphobe in RRAP is frogging Mark to make him look worse than he is (a winner of the Golden Killfile, for July/August 2006, due to his extreme dullness), solely because Mark is a (dyslexic) bisexual who won't keep it secret, so as not to make all the secret homo- and bisexuals in that froup uncomfortable.

"Consider that language a moment. 'Purposefully and materially supported hostilities against the United States' is in the eye of the beholder, and this administration has proven itself to be astonishingly impatient with criticism of any kind. The broad powers given to Bush by this legislation allow him to capture, indefinitely detain, and refuse a hearing to any American citizen who speaks out against Iraq or any other part of the so-called 'War on Terror.'

"If you write a letter to the editor attacking Bush, you could be deemed as purposefully and materially supporting hostilities against the United States. If you organize or join a public demonstration against Iraq, or against the administration, the same designation could befall you. One dark-comedy aspect of the legislation is that senators or House members who publicly disagree with Bush, criticize him, or organize investigations into his dealings could be placed under the same designation. In effect, Congress just gave Bush the power to lock them up." -- William Rivers Pitt

"It has become clear in recent months that a critical mass of the American people have seen through the lies of the Bush administration; with the president's polls at an historic low, growing resistance to the war Iraq, and the Democrats likely to take back the Congress in mid-term elections, the Bush administration is on the ropes. And so it is particularly worrying that President Bush has seen fit, at this juncture to, in effect, declare himself dictator." -- Frank Morales

"When I told Abbie Hoffman that he was the first one who made me laugh
since Lenny Bruce died, Hoffman said, "Really? He was my god." The
combination of satirical irreverence and sense of justice that Bruce and
Hoffman shared was the real spirit behind the Yippies--a term I coined to
describe a phenomenon that already existed: an organic coalition of stoned
hippies and political activists who engaged in such actions as throwing
money on the floor of the New York Stock Exchange, then explaining to
reporters the meaning of that symbolism. Folksinger Phil Ochs summed it
up: "A demonstration should turn you on, not turn you off." So when
journalists link the Yippies with misleading bedfellows, at best it's
careless shorthand; at worst it's deliberate demonization. Osama bin Laden
wanted an aircraft to crash into the Pentagon. Abbie Hoffman merely wanted
to levitate it." -- Paul Krassner, http://tinyurl.com/ehu3v

Mark would make everyone in my neighborhood "uncomfortable." It is more
how he would disgust them to death that I would worry about though.

Now, I am unsure of the number of men who would enjoy a nice brandy and
discussion with mark about how to establish proper manners, education
and providing good role models for our developing teens--so their lives
are given the "best possible chance" of being enjoyable, stable, sane,
and with fewest possible hazards to traverse; but, I would NOT.

Frankly, it would make me uncomfortable!

If they want to play dirty, I get to too. It's not a one-way street. I will use the physcial strength that I have over them, my superior 5'7-3/4" height advantage, the boxing moves I paid to learn, the suprise of pussyfooting up to them with their back to me in a public place 18 1/2 years after the fact and thus not only do will they not know that I am but a pica's distance away from them, but that I even exist on earth." -- Chris Tsao is secretly John Wentzky's psychic twin. Looney Maroon nominee for August 2006 Johnny D Wentzky foamed:
"You never asked someone who goes into areas of the internet that are only for adults who has an underage id somehow or another if they are a cop posing as an underage person online?
I guess lots of people just don't watch dateline or read stories much. Why don;t you go to pervertedjustice,com and see what they do. They are awash in their self-proclaimed glory after they lied to membners of the public.
They are awash in their self-proclaimed glory after they posed as an underage person and agreed to do all sorts of sex acts wioth adult males, and they are adults posing as teenager themselves. They make themsleves into liars by falsely impersonating underage persons and by not fuilfilling the words they tell the victims online in their chats. Why don't you read it where they tell these victims of their deceit about how they have been with grown men and such? Why don't you read it where they say, "That would be cool." after someone makes an advance towards an adult who is posing as a teenager? And, where they agree to meet the person, etc.
Lost control, didn't you?
Is that why you feel as if you need to lie so much now? I see where lots of these false impersonation games are not sticking. They feel as if they can lie and then order the victims to get counseling in the gayblade, governmental, pro-choice tax leech counseling centers. They are doing nothing more than usury and fraud in many cases." -- Wentzky almost comes out of the closet as a pedo/ephebophile in MID: <H%%Eg.28916$Uq1.22411@bignews6.bellsouth.net>

Only the closet cases and the repressed ones would feel "uncomfortable".
Everyone(tine) else would be okay with it, because only the former two
types might have any reason to feel that way. Sexuality is perfectly
normal, and those who are secure in their own aren't uncomfortable with
anyone(tina) else having a different one.

Oh, well, in that case, I'd best inform you that I'm bisexual, too. Nor
do I hide it. Nor am I the only queer kookologist, though there are many
straight ones.

"And no, I did not have sex with my son. But if I did I certainly

she may be a liar and committer of incest with her own son, in MID:

He replied, "We kept the receipts." -- Bill Hicks

"They thought I was fair game. I was an instrument of purpose to achieve their desires and not 100 percent real and ALSO that they had me by the short curlies because I thought that the world revolved around them and therefore I think that I am fair game and rightly so. If they want to play dirty, I get to too. It's not a one-way street. I will use the physcial strength that I have over them, my superior 5'7-3/4" height advantage, the boxing moves I paid to learn, the suprise of pussyfooting up to them with their back to me in a public place 18 1/2 years after the fact and thus not only do will they not know that I am but a pica's distance away from them, but that I even exist on earth." -- Chris Tsao is secretly John Wentzky's psychic twin. Looney Maroon nominee for August 2006 Johnny D Wentzky foamed:
"You never asked someone who goes into areas of the internet that are only for adults who has an underage id somehow or another if they are a cop posing as an underage person online?
I guess lots of people just don't watch dateline or read stories much. Why don;t you go to pervertedjustice,com and see what they do. They are awash in their self-proclaimed glory after they lied to membners of the public.
They are awash in their self-proclaimed glory after they posed as an underage person and agreed to do all sorts of sex acts wioth adult males, and they are adults posing as teenager themselves. They make themsleves into liars by falsely impersonating underage persons and by not fuilfilling the words they tell the victims online in their chats. Why don't you read it where they tell these victims of their deceit about how they have been with grown men and such? Why don't you read it where they say, "That would be cool." after someone makes an advance towards an adult who is posing as a teenager? And, where they agree to meet the person, etc.
Lost control, didn't you?
Is that why you feel as if you need to lie so much now? I see where lots of these false impersonation games are not sticking. They feel as if they can lie and then order the victims to get counseling in the gayblade, governmental, pro-choice tax leech counseling centers. They are doing nothing more than usury and fraud in many cases." -- Wentzky almost comes out of the closet as a pedo/ephebophile in MID: <H%%Eg.28916$Uq1.22411@bignews6.bellsouth.net>

different from their policy towards everyone else. Basically, having
sex is a sin no matter what...so what's the difference if it's gay or

this legislation allow him to capture, indefinitely detain, and refuse a

"Immorality: The morality of those who are having a better time." -- H. L. Mencken

"Consider that language a moment. 'Purposefully and materially supported hostilities against the United States' is in the eye of the beholder, and this administration has proven itself to be astonishingly impatient with criticism of any kind. The broad powers given to Bush by this legislation allow him to capture, indefinitely detain, and refuse a hearing to any American citizen who speaks out against Iraq or any other part of the so-called 'War on Terror.'

"If you write a letter to the editor attacking Bush, you could be deemed as purposefully and materially supporting hostilities against the United States. If you organize or join a public demonstration against Iraq, or against the administration, the same designation could befall you. One dark-comedy aspect of the legislation is that senators or House members who publicly disagree with Bush, criticize him, or organize investigations into his dealings could be placed under the same designation. In effect, Congress just gave Bush the power to lock them up." -- William Rivers Pitt

"It has become clear in recent months that a critical mass of the American people have seen through the lies of the Bush administration; with the president's polls at an historic low, growing resistance to the war Iraq, and the Democrats likely to take back the Congress in mid-term elections, the Bush administration is on the ropes. And so it is particularly worrying that President Bush has seen fit, at this juncture to, in effect, declare himself dictator." -- Frank Morales

As a general rule that makes sense to do something like that in
advance. That way anyone who needs an ID has one when the next 9-11
happens. We need to have some sense that the good guys are coming
through the door rather than the baddies.

Should do it across the board because we unfortunately do not know one
another.

Absolute nonsense. A background check would not solve the problems of
waste, fraud and abuse in the slightest. The biggest single problem
was that the states of Louisana and Mississippi as well as the federal
government did not have the structure set up in advance to manage a
disaster of the proportion of Katrina. Doing background checks of

volunteers would not have had any effect on the waste problem. Having
the process set up to vet contractors who would help in the emergency
services and rebuilding afforts would have helped minimize the wqaste
farud and abuse problems. But in a disaster of this magnitude there
will be people who make it through any vetting process because the push
is on to respond. And since we are talking about volunteer radio
communicators what possible impact would they have on spending
excesses.

That's a gutless response. Do it 100% and get on with the real work.
Or do away with the requirement.

I agree. One should consider this requirement very carefully because I
would be concerned that Red Cross may not have the information security
systems set up to control such confidential data.

Just because you and Steveo can see turds when you look into mirrors, doesn't mean the rest of us are going to. CB'ers were meant to see turds when they look into mirrors. Shitty operators means shitty CB service.

Really, CB is a dead-end street, if you want to process further than the rules allow, you have to be illegal. On ham radio you can do lots of things legally. Learn CW, make something of your self. Don't be a loser all your life.

A guy that has nothing better to do than hang out on a newsgroup
for the sole purpose of putting down others is the best example of a
loser that I can think of.

Oh, look, now Wabbit's ruining cascades and posting the real link to

Doin' it for the kids.
So Scott wont be doin' it TO the kids!

Sat Sept 30, 2006 the STUPID RETARDED FAT PEDO PIG SAYS:

It was consensual. If you read the posts you'd see those kids were coming on to ME. The camp had an open door policy and I wasn't about to discourage them. You won't find a judge in the country who wouldn't toss that case out on its own merits! It's really not surprising because I am AWL that matters!

I didn't invite them into the shower but once there, they got naturally curious. Kids like to explore. One of the reasons kids go to camp is sex ed. But make no mistake, it was NOT kiddie korn!

Reply from LemonPUSSY:
Scott, no such thing as consensual when it involves children!!! The statement you just made is disturbing.

The questions remains the same:

Why did you walk naked in front of children and sell drugs to them?
Why don't you have a job?
Why are you on welfare?
Why do you live in poverty?
Why are you so fat?
Why are you not locked up in a mental ward?
Why do you have black rotting teeth?
Why are you such a failure and a total loser?
Why are you such a big bullshitter?
Why do you still hold on to a stupid recording from 1974?
Why don't you end it all and do society a big favor?
Why are you so useless?

The slob of blob. The flop & the failure. The unemployed-mental case with the pathetic recording from 1974. That is the only thing he holds on. Other than large amounts of food. He still continues to write the same old song & tired dance. Month after month. Year after year. He always says this will happen and that will happen. He is working on movies. TV series-radio broadcasts-book deals-live shows and appearances. Plus other made up stupidity. How can he fly anywhere? He

has to buy two seats just for him to squeeze into. The airline will not let him on board to due to the horrible stench coming from him. The crew would and the passengers would be gagging and grasping for air. He can't even afford an airline ticket. So that would never happen. He still thinks Jerry-Boy was a real person to this day. The only things that happen to him are on the top 15 list...

1-He gets fatter and wider.
2-He gets more warts on his body and tries to pull them off.
3-He gets older & more bizarre
4-He gets uglier (Man- is he ugly!!)
5- He gets bigger baloney-tits than the year before.
6-He never leaves that hellhole apartment and he is on that old broken down computer almost day and night. Which, most likely is still is ran by Windows 95 and dial up.
7-He can't walk down one flight of stairs without holding his chest and huffing and puffing.
8-He can't understand why he is 50 years old and a total failure and a complete flop.
9-He can't understand why he can't get anymore welfare checks from the government
10-He calls people and they slam the phone on him.
11-He can't understand why he can't a woman. Because he is a fat perverted GAY-400 pound 1/2 man with only 9.5 toes and warts covering his fat body. That is why.
12-He can't understand why he can't even rent a friend. No one wants to be near him. Not even- rent a friend!!!
13-He can't understand why people slam doors in his face or quickly run away from him and scream "GET AWAY FROM ME-YOU SICK SMELLY BASTARD!!!"
14-He can't understand why people gag and throw up while they are standing near him. Here is a hint for you-Tubby. Water and soap more than once a month.
15-He can't understand why people goof on him and point their fingers at him and laugh as he waddles on by.
Let's take a look at why know one would hire him for any kind of work. He did have a cab driving job once. But, because of his weight the taxi company had to replace the shocks every month. So, they fired him.

Would you hire a 400 pound-wart infested-walking heart attack waiting to happen? With black rotting teeth and no skills other than shoveling large quantities of food into his fat mouth. Let's not forget his mental issue. He makes up things like sending Barney Miiler & Inspector Clouseaus & Kojak & Nash Bridges & Walker Texas Ranger and other made up cops to people's homes all over the country. Don't forget about all the money he said he has. Which equals a total net worth of about $30.00. Who would hire him? He said he could be a actor. He could not get a part in his own hair. Don't forget the many storefronts he claimed he owns in Manhattan.

We all know know he puts on a dress -made out of a tent. With fish-net stockings and high heels. Then, he dances around his apartment singing

to Sister Sledge - "We are family."
I know, I know the LVMPD & The FBI & The CIA & The USPS & E-Bay... They are all coming to get me and were commanded by you to do so. I will have the coffee ready for them.

But what can you expect from someone that lives in a filthy hovel?

He still has trouble making his rent. The idiot is in a rent controlled dump. Which means his rent is somewhere between $200.00 and $400.00 a month. He has lived in that rat and roach infested hellhole for well over 40 plus years. That is pathetic. He still has to struggle every month to make his rent. 50 years old without a pot to piss in and a window to throw it out of. That is sad.

I am still laughing and we can all thank the fat-gay man from 1810 Bruckner Blvd for that.

"Turn up the voltage 30% on the fat-guy until he shuts up"

Good choice for newsgroup on this. CB'ers like to be illegal. I'm sure some CB'er will buy it up can keep 11 meters sounding shitty and then probably end up dead in a shootout at some shopping mall parking lot somewhere.

Gavrielah Hojnacki starred in a couple films. They were sort of
auto-biographical and didn't do well at all, then others stole
their movie ideas. Kinda Sad. Gavs movies were:

"Throw Markie from the Train" and "Sleeping with the Enema."

Mark has some like-minded butties working on a documentary highlighting the
trials and tribulations of obtaining his No-Code license.
"Public Enema Number One" will be hitting the HBO circuit soon. It is
destined to be a huge hit with the 11 meter crowd.

Hello Steveo:

Hearing south of the boarder stations, and several south pacific
stations. Not hearing your neck of the woods.

Hi Jay.

Yeah it's been running toward the eastern seaboard over here today for some odd reason or another. I talked to a a guy in western PA today, which is very unusual for me. Nice to hear tho.
